Fully Open Car Kubby

Where did the Kubby come from?

The Car Kubby came naturally as an extension of our experience in Motorsports internationally. Severe weather and continued exposure are not the friends of performance vehicles. We found a premium manufacturer with over 20 years of experience in design, development and creation of extreme weather camping tents, and designed an awesome shelter for our four wheeled fun. Our joint experience in protecting lives and performance machines in severe outdoor conditions means we can offer a solution for protection of car in the harsh Australian environment.

The need for an affordable storage solution that offered full protection from sun, hail, dust, and rain - beyond a basic throw-over cover was the reason we dedicated the time to develop the best full protection car cover possible.

It was our interest in Cars, manufacturing experience, and awareness of a definite need that inspired us to design, develop and manufacture our retractable, waterproof, full protection - **Car Kubby!**

Attaching Cover to Frame

CAR KUBBY — Retractable Car Covers

Top 10 Features and Benefits

1

Fits most compact, small, intermediate and large cars as well as small SUVs, scooters, many ATVs, motorbikes and bicycles

2

Waterproof material with fully taped seams for complete weatherproof operation

3

Provides full coverage from sun, rain, hail, snow, dust and debris

4

Fast assembly—less than 60 minutes, and can be transported

5

Locking hardware allows the Car Kubby to be secured in the lowered position

6

Safe place for car-specific gear to be hung in the Kubby for easy access

7

Allows car to be parked and covered even when engine and exhaust are still hot.

8

Drive through option when cover is fully open.

9

Accommodates a solar powered LED Lamp for parking or general night access (extra)

10

Accommodates tough impact resistant flooring for additional protection and a complete shelter appearance (extra)

What's a Kubby?

The Car Kubby is an affordable, private miniature garage with a retractable “clam-shell” feature that allows fast and safe access and storage of your car!

Simply park your Car straight into your Car Kubby, lower the retractable cover over your Car and you're done! You can rest assured that your Car is fully protected and there's no need to wait for the engine or exhaust to cool!

The Car Kubby is simply a pleasure to use. Once installed, it takes moments to open it, drive your Car out, and close it again. It doesn't get much easier than that.

How big is a Car Kubby?

Two Sizes

Compact/Sport/Intermediate Size:

Length 5.59m
Width 2.6m
Height 2.05m

Price \$697.40

Full-size/Large Car/Small SUV Size:

Length 5.97m
Width 2.8m
Height 2.26m

Price \$763.40

Looking for something different? Take a look at our web site for more sizes for all your other vehicles.
