

Since 1985

# QUIKSHADE

The Portable 60 Second Shelter

- Made in Casino, NSW 2470, Australia
- No plastic used in structural areas
- Glass reinforced Nylon brackets
- 6106 T5 Aluminium - less brittle than T6 used in imported frames.
- 1.8mm wall thickness - the same as used in heavy 50mm hex frames
- Components are made by us, so if repairs are necessary we can supply parts.
- 20 year limited lifetime frame warranty for failure through normal wear and tear.
- 100% Satisfaction money back guarantee

**The original 3m LWS Quikshade  
strong enough to hang on**

**6m x 3m  
Lightweight  
Quikshade  
uses the same  
materials,  
built to last.**
